--	---	--	--	--------------------------------	------------------------------------	---------------------------------

Step 6: I am converting from Another Fuel (check any and all that apply)

☒ Fuel Oil	☐ Electric	☐ Natural Gas	☐ Wood	☐ Other (please specify)
--	-----------------------------------	--------------------------------------	-------------------------------	---

To receive a rebate, the propane supplier must register on rebates.propanenewyork.com before or upon installation of the equipment. The Propane Marketer Accredited Representative "PMAR" must submit all completed paperwork, sign off that they have completed the safety inspection, and submit the invoice for the appliance(s) on rebates.propanenewyork.com. The maximum combined rebate available to an individual customer at a single location is \$550.00 per year. All rebate

payments are subject to available program funding for installations occurring until 12/31/2026. Propane-to-propane conversions and new construction installations are eligible. New construction appliances are eligible for the same rebate as "Conversions from other fuels" noted above in Step 1.

By submitting the rebate, participating propane marketers are confirming that the appliance(s) installation and work listed on the form have been completed prior to the rebate submission. A successful safety inspection must be performed by the participating propane marketer after the installation of each new qualifying appliance(s). The safety inspection accompanying the installation of the qualifying appliance(s) must include one or more of the following: 1) a leak test; 2) a pressure test if required by applicable laws, rules, and regulations; and 3) a flow and lock-up test on the regulator(s). The propane marketer agrees to comply with all laws, rules, and regulations governing the installation of the qualifying appliance(s) and with the manufacturer's installation instructions. The New York Propane Gas Association assumes no responsibility whatsoever for the installation, inspection, or testing of the qualifying appliance(s) or any associated gas system and, by issuing a rebate, makes no representation, warranty, or guarantee regarding the qualifying appliance(s) or the associated gas system. The New York Propane Gas Association disclaims any liability for any personal injury, property damage, business losses, or other damages of any nature whatsoever, whether special, indirect, consequential, or compensatory, directly or indirectly arising from the installation of the qualifying appliance(s).

NOTE: Appliance brand name, model #, serial # & installation date are required. Please submit this information.

Step 7: Signatures

Buyer(s)	Propane Supplier/Propane Marketer Accredited Representative "PMAR"
Buyer(s) Signature(s): <u>[Signature]</u>	Company Name: <u>Combined Energy Services</u>
Print Name(s): <u>FREDERICO M. SOUZA</u>	Authorized Representative Signature: <u>[Signature]</u> Today's Date: <u>05/29/2026</u>
