	Total	\$13,500

Job details: Removal of existing oil equipment and oil tank. Oil equipment and oil to be removed by approved subcontractor certified for oil removal and disposal. Nolan Energy to install Rinnai IP150CN Boiler with 2 zones. Nolan to Install Taco 2 Zone relay and 2 Grundfos circulators. Nolan to build a wall to hang new propane fired unit. Nolan to install dampers to lessen vibrations from unit running. Adapt to the current water lines and connection to new boiler. Installation of Rinnai Manifold and connection to current heating lines.

Nolan Energy to install 500 UG tank and install gas lines to house and generator. Nolan to relocate generator to behind the shed and install necessary electrical line to new generator location. Final connection to be made with licensed electrician. Gas lines to be trench and buried to each location. Nolan Energy to excavate and bury 1-500 UG tank. UG tank to be installed with a riser, 1 anode bag, dome, and first and second stage regulator. Installation of gas line to house with installation of second stage regulator and install gas line to new boiler location. Nolan Energy to test fire and set parameters for boiler per manufacturer specs. All final connections of gas lines with a gas check per building codes.

Terms and Conditions

Scope of work: All material is guaranteed to be as specified. Nolan Propane, will provide all services, materials, labor, tools, and equipment needed for completion of services in the quote at the previously listed address. All services will be following local codes and Nolan Propane agrees to provide professional quality services according to acceptable industry standards and practices.

Warranties: All work to be completed in a workmanlike manner according to standard practices and will be covered under warranty by Nolan propane from 1 year from installation. All materials used in the project will be new and of good quality. All work will be completed as defined in scope of work outlined in the proposal acceptance. Any warranties for parts or materials are subject to specific manufacturer terms on such products.

Change order: Any alteration or deviation from above specifications involving extra costs, will be executed only upon written orders, and will become an extra charge over and above the estimate. All agreements contingent upon strikes, accidents, or delays beyond our control. Owner to carry fire tornado, and other necessary insurance. Our workers are fully covered by Workers Comp.

Other Terms: Customers who elect to use financing are still 100% responsible for payments to Nolan Propane. Payment is the responsibility of the customer and is due upon completion of the job.

Payment Terms: 50% down payment is due before job can be scheduled. Remaining 50% due upon completion of job to above specifications listed in the agreement above.

Progress Payments: For jobs that exceed \$20,000, payment terms are as follows: 50% deposit, 25% after half completion and 25% upon completion of job.

Underground Tank Installation/trenching: Nolan Energy is not responsible for final grading of the site upon installation of tanks and fuel lines. If extra soil needs to be brought in, that is the sole responsibility of the customer. Nolan Energy is also not responsible for seeding or replanting grass. *Nolan will grade under the above ground propane tank and generator.

Cancellation: We understand that circumstances can change in an instant. Please understand that due to equipment availability, changing of prices, restocking fees, and protecting the integrity of our small business calendar, all deposits on jobs are subject to a 30% restocking fee. Deposits are subject to restocking fee after three days of acceptance of this proposal (acceptance of proposal is signature on the line below). The three days stays within coordination of the NYS three day right to cancel has passed. Once a deposit is given, Nolan Propane projects to execute the job with excellence and in an organized fashion.

Oil to Propane Conversion: Customer is to pay the remaining balance of installation when installation is complete, minus \$500.00, which is to be paid after the removal of oil equipment

Acceptance of Proposal: The above prices, specifications and conditions are satisfactory & are hereby accepted. You are authorized to do the work as specified. Payment will be made as outlined above.

Conditions of acceptance: The proposal is valid for 7 days. Nolan reserves the right to withdraw this proposal or re-quote the project if contract is not accepted within 7 days.
